

Wall Mounted And Suspended Insect Light Trap System (Model WS-218)

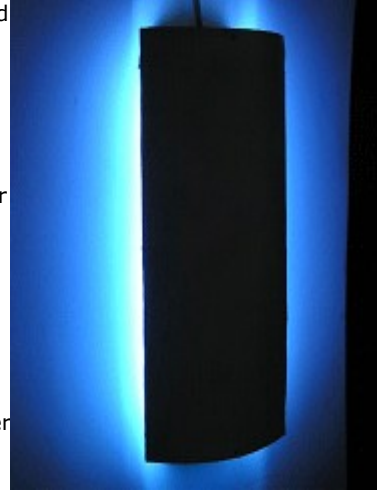

Designed specifically for commercial uses, with extra large sticky pad and bright 2 blacklight tubes of 18 watts each

Low height design that can be mounted any where, vertically or horizontally.

Can be wall mounted or suspended from ceiling. Comes with mirror-finished inner reflector and back-plates reflectors for a much brighter and bigger UV aura.

Specifications:

1. 2 X 18 watts blacklight straight tubes
2. Mirror-finished reflectors inside lamp body for higher reflected UV aura.
3. Huge sticky pad size – 260mm (B) x 520 mm (L)
4. Pheromone (Muscalure) added into sticky pads' adhesive to enhance attraction for flies
5. Strong adhesive that 'graps' insects
6. Transparent sticky pads with mirror-finished backing reflector that insects will literally fly straight into.
7. Add on mirror-finished side-reflector plates for additional UV reflection, especially when suspended from ceiling.
8. Operates from 220/240 v, power outlets.
9. Range: 70 meter square
10. Net weight: 3.0 kg, length: 62.5 cm, width: 23.5 cm, height 12.5 cm (without back reflector plates)
11. Comes with 2 m electrical cord with 3 pin plug.

Applications: Hospitality industry, supermarkets, fast-foods outlets, hospitals, public buildings, greenhouses, food manufacturing and processing factories, bakeries and in homes.
